Mr. Greg Jiede, President
Synergistic Networks
105 S York St. #550
Elmhurst IL 60126

Dear Mr. Jiede:

It is with unqualified pleasure that I write in appreciation for the new web site that was created for the Church of the Atonement. The Synergistic family has gone the extra mile, and our parish is delighted with all the new possibilities that await us through this new design.

I remain overwhelmed that 95% of our visitors come to us through their contact with the web site! We have come to realize the opportunities of the site, and we so very much appreciate the encouragement, wise counsel, and talent that have come our way through your company.

They say that if you don't know furs, "know your furrier." That wisdom has been valuable for us. We have known Synergistic Networks, and all has been well.

We express special thanks to David Loofbourrow who has spent hours in and out of our office helping and teaching. Harrold Hayden continues to be a treasured resource and prodder for growth in thought and product. And Vladamir Dimov has been the great wizard behind the scenes that makes all things magically happen!

With sincerest appreciation,

The Rev. John David van Dooren, Rector
