Dear Greg,

I'm writing to tell you how pleased we are with your new ***Synergy Web Platform (SWP)***, which we used to launch our new web site, *SowAbundance.net*. In addressing our evolving needs at this site — and the multitude of services it incorporates — your new platform has been easy to use and very flexible. Within a few hours we were able to attractively display and sell our new book, *The Secret of Wealth*, load a considerable amount of text (very straightforward), set up a form to solicit comments from visitors, and link visitors to a host of other complimentary services offered at other domains.

Your platform's wide choice of easy-to-use application modules had us moving much quicker off the starting line and dreaming bigger dreams than we thought possible at the start.

Going forward, we intend to add audio and video clips and are considering using the blog module. We know that with frequent contact and interaction we can provide visitors with information, inspiration and a peer support system that helps them construct and enjoy more purposeful and satisfying lives. We know, too, that this continued development will be a convenient, easy and straightforward process using your ***Synergy Web Platform***.

Thanks again, Greg. Your new platform is first rate.

Regards,

Owen Phelps
President
